MEMORANDUM FOR: Chief of Staff  
United States Air Force

SUBJECT: United States Prisoners of War remaining in  
Communist Custody after termination of Exchange  
of Prisoners under Korean Armistice Agreement  
Terms.

1. Reference is made to your memorandum of 16 March on the above subject, requesting that this Agency take action to locate, identify and recover U.S. POWs in Communist custody.

2. I agree with you fully that any accomplishment in this field would unquestionably have a salutary effect upon morale and would be of significant value in our national psychological program. At the same time I feel certain that you realize the inherent difficulties involved in operations of this type, particularly in the very territories where U.S. POWs are likely to be held.

3. This Agency has had a continuing requirement for the development of information on the location of U.S. POWs, and will continue to endeavor to obtain any possible intelligence in this regard. Any information produced on this subject will be promptly conveyed and discussed with Headquarters, United States Air Force. Should the Air Force receive any "leads" deemed worthy of exploration, it will be appreciated if you will make these available to us. CIA will then be in a position to determine what steps, if any, can be appropriately undertaken towards effecting the release of the POWs involved.
